## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see after-final amendment, filed February 2, 2010, with respect to the rejection of claim 68 under 35 USC 101, have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.
2. The amendment filed February 2, 2010 also overcomes the 35 USC 103 rejection of claims 1, 2, 4-11, 33, 34, 36-39, 46, 48-50, 52, 53, 55, and 57-67, as the independent claims have been amended to incorporate the allowable subject matter of independent claim 68. However, as noted in the Advisory Action, these amendments require new grounds of rejection to be applied in view of 35 USC 112.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1, 2, 4-11, 33, 34, 36-39, 46, 48-50, 52, 53, 55, and 57-67 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Claim 1 recites a user having an option of deleting or previewing profile fields (see lines 8-18 of claim 1). The next step in the claim is to store profile fields in an identified user profile (see lines 19-22 of claim 1). Therefore, a contradiction exists, since a deleted profile field would not be stored, and a previewed profile field may or may not be stored. Independent claims 33, 49, and 58 use language similar to claim 1

and therefore have the same contradiction. Compare this to allowable claim 68, which has a storing step "in response to" a user input selecting an option to save a profile message (line 28).

6. In addition, claims 46, 48, 50, 52, 55, and 57 all involve steps that, logically, would only be taken in response to a user deciding to save the profile fields. Because these steps are not identified as taken *in response to* a user deciding to save the profile fields, the metes and bounds of the claims remain unclear.

### ***Conclusion***

7. Claim 68 is allowed.
